Retained action suggestion

- Prioritaskan follow-up penagihan dan opsi pembayaran yang lebih fleksibel untuk pelanggan dengan keterlambatan pembayaran tinggi.
- Buat eskalasi support untuk pelanggan dengan tiket komplain yang menumpuk.
- Lakukan re-engagement untuk pelanggan yang mulai jarang login.
- Beri onboarding lanjutan / edukasi fitur untuk meningkatkan adopsi produk.
- Tindak lanjuti pelanggan dengan sentimen rendah melalui survey dan outreach Customer Success.
